

# Meeting Minutes

September 20, 2006

The meeting was held in the Livingston Shed and began approximately at 9 p.m. There were probably at least 50 people who attended the meeting.

The meeting began with an ice breaker ran by Jess our PR executive. Everyone wrote a question on a piece of paper, crumbled it up into a ball, and threw it into the middle of the room. Everyone then ran and grabbed one question off of the floor and we went around in a circle answering the questions. We then introduced ourselves, stating our name, school, year, major, and one weird fact about our self.

We then had someone who went on the New Hope, PA biking trip discuss how the trip went. It was run by Hillary Stribula and everyone car pooled. They said they biked and then had a great dinner with a wonderful waitress and then biked back to the car.

Melissa, our president then discussed upcoming plans and sign-ups for trips. There was an opening at Sedge Island because a group cancellation. The trip will be from Friday, September 29- Sunday, October 2. Anyone interested was to sign-up, the cost of the trip was unknown. Also, the Squirmish Battle and Paddles weekend will be held on the same weekend and the price was left to be decided until funding from Rutgers was to be allocated. Anyone interested could still sign up. There was some a description of the upcoming West Virginia trip, a Weird NJ trip, and possible group run in October with our faculty advisor.

We then had a comment period about what kind of trips people would like to see happen and a few where ski trips, a trip up to Maine, and an extreme outdoor biking trip.

Jess, our PR executive then announced anyone interested in helping with fundraisers to see her to sign up; some ideas were a bake sale or car wash.

The meeting was then dispersed for people to sign up for trips, fundraising, or to pay dues. It ended at approximately 10:45 p.m.
